

# FEBRUARY 7

# CRACK THE CODE

## Helping Parents to Crack the Social Media Code

Please join us on Feb 7 from 9:30-11:00 at Spanish Fort City Hall for discussions on how to help parents Crack The Code. This event will include presentations from Leslie Wheeler, Assistant Principal at Spanish Fort Middle School; Heath Harville, Spanish Fort School Resource Officer; Kristi Bush LBSW, Parent Representative; and a briefing from Assistant District Attorney, Matt Simpson.

We will be discussing different topics pertaining to social media and your child's smart device. What to look for: How to monitor devices; How to set restrictions (this will be taught during the presentation); What sites to be aware of; and a presentation on how to have open, honest communication with your children.

If you attended the evening forums, please join us as new information will be presented.
